

Do you work with landowners
on the Texas Gulf Coast?

Do you know how wetlands can provide
economic benefits to Texas landowners?

Wetland Economic Benefits on the Upper Texas Gulf Coast

Photo Steve Upperman

Thursday, April 23, 9am-3pm

United Way Community Resource Center
50 Waugh Drive, Houston TX 77007
Lunch is provided.

Speakers include:

Jim Blackburn (Blackburn & Carter, Rice SSPEED Center) on emerging markets

Jim Lester, PhD (HARC President) on wetland ecosystem services

Steven Walls (US Army Corps of Engineers) on wetland mitigation

Miles Phillips (Texas A&M AgriLife Extension) on nature tourism

Hannah Cruce (Texas A&M Forest Service) on forested wetlands

Matt Singer (Galveston Bay Foundation) on conservation easements

Plus talks on wildlife management incentives and a new website of wetland economic benefits

There is no charge to attend but space is limited and registration is required: <http://wetlandbenefits.eventbrite.com>
